Head of lifeguards:

Brenda did a huge push for lifeguards this year. She hired 22 guards, 15 new and 7 old. The lifeguards had 8 saves this year. Our Jr. Lifeguard program has gotten less and less every year. Brenda has suggested that maybe every other year would help. She would like to also only do one midnight swim next year because of the attendance. We would like to have at least 3 head guards next swimming season. Overall it was a very good year. We did go over budget a little due to the nice weather we had. Brenda made a Lifeguard manual for future people that will be in charge of lifeguards.

Head of Snack Shack:

The Snack Shack had a great year! The crew we had this year was amazing. We were also able to get a county worker that we did not have to pay for, so we were able to keep it open for longer hours. He also would stock things for the next morning. This was one of the best years we have had in a while. The lines were also better because we were able to have 2-3 people.

Membership Questions:

- Sheila Lobdell: Would like us to make sure the kids are wearing gloves when they are serving. Nick: We always have gloves there for them to use. I will talk with them next year and make sure they know they are there.

Head of Public Relations:

We are hoping that everyone has been more informed this year. We are now on all of the social media sites now.

Treasurer:

We as a board always want to make sure that the membership's money is spent well.

Here are some of the things where your money went to this year,

- 4 new tires for the Gaiter
 - new tires for the club truck
 - made new cabinets under the counter in the clubhouse kitchen
 - 2 new sump pumps for the caretaker's house
 - 2 air conditioners for caretaker's house
 - had someone come and check the water softener to make sure it was working well and they taught Todd how to maintain it.
 - We also bought new life vests and 4 new Lifeguard rings.
 - There are no more free lockers.
- Gary Davis asked if money was coming in. Shelly said yes it is slowly.

Membership Activities:

- The 2016 year was a success in regards to the schedule of events, starting with the Easter Egg Hunt in March and ending with the Halloween dance/haunted trail in October. At many events, there was a DJ spinning tunes, concession stands, and help from many members to make each event a success.
 - We do try to keep most events the same unless we see a drop off in attendance.
 - The board does like to keep some events open to everyone so they can see our club, like Halloween, the 5k race and the Hunter's safety.
 - We are thinking of doing a few things different to draw a larger crowd to these things.
- Karen Navoiosky asked if the 5k run was safe to run because of running through the woods. Jeff answered, yes very safe, we make sure everything is clear.

Head of Groups and Reservations:

- This year went well and most people received the date they wanted.
- Still would like to take it down to one way of contact just for the New Year's calls.
- Did have some issues with some people not giving me the 48 hours to get back to them. However that has been discussed and fixed.
- Karen asked how she could help Jen. Jen answered – Actually I have decided to not do it next year and just be the secretary. When I started doing both I was a

stay at home mom and it was no problem and now I am working 6 days a week. I just do not feel like I am doing a good enough job to keep doing it. Jeff said, Candice Jones is going to take over for Jen and we are just going to separate the jobs again.

Patrol Services:

- We had 6 guards this year with Rudy Nelson as the head guard
 - Mike was just under \$400.00 under budget
 - We opened a week earlier again so people could pay their dues and get their lockers
 - This year ran very smoothly
 - The guards also handled all of the fishing supplies, guest fees and shirt sales
 - We had no complaints this year
-
- Melissa Costa commented that all of the guards are always class acts.
 - Ed Toot said people did complain about us not having lifeguards there when we opened the Welcome Center a week early. Mike's response – We cannot open the swimming lake early do to insurance.

Disciplinary/Legal:

- Nothing major to report this year.

Fundraising:

- Bill Ward won the free membership raffle.
- The fundraiser did raise some money and it will go towards playground equipment
- We are thinking about opening it to non-members next year.

Old Business:

- Old Business was discussed in the above.

New Business:

- Current Membership – We have 22 spots left to the club as of right now.
- Budget – Jeff is not going to up any income for next year. Jeff breaks down every expenditure for every event.
- Question and Answer session for budget:
 - Gary Davis – Shelly, how old is your computer? Shelly – It is old but still works fine for now.
 - Gary Davis – Jeff can you just pay off the loans we have? Jeff – I really do not want to because we only have a 3% interest rate.
 - Gary Davis – What about a phone at the Welcome Center? Jeff – It was a nightmare because it never worked no matter how many times they came out to fix it. We decided to just get a cell phone for the caretaker. We can look into getting one for the Welcome Center also. Just to have another phone there just in case of an emergency.
 - Melissa Costa – Good job on the budget.

- Motion to except the Budget – Edward Toot motioned to except the budget and Lisa Shafer 2nd it and the motion passed.
- Questions –
 - Lisa Shafter – How do you screen the new members? Jeff – This has been the biggest question for the last 2 years. We look at Facebook and Mike Sinkovich looks into them as well (He is a police officer). We also look into who has signed their application. Mike – I really feel confident we are doing everything possible to keep things safe for our kids.
 - Rippley – How are the county works screened? Nick – The County researches them and we also interview them and their parents.
 - Melissa Costa – Can a member say something if another member or even non-member does something wrong? All board members – Yes
- Ballot items - We need to fix up the Caretaker’s house, there is about \$10,000.00 worth of work to do on it. The board would like to use some of the money put back in the savings to make this a healthier house to live in. We do have a family living in there now and feel this would be a good thing to do. As a board we would like to take the savings down to \$25,000.00 instead of \$35,000.00.
